## Part II--DEFINITIONS

After-Action Review. 1. A process designed to provide commanders direct feedback on the accomplishment of selected joint mission essential tasks, conditions, and standards stated in terms of training objectives for the commander to evaluate training proficiency. 2. An analytical review of training events that enables the training audience, through a facilitated professional discussion, to examine actions and results during a training event. Also called AAR.

Chairman of the Joint Chiefs of Staff Joint Training Master Plan. A plan developed and updated by the Chairman of the Joint Chiefs of Staff (CJCS) that provides planning guidance. The plan includes, as a minimum, CJCS guidance and CJCS Commended Training Issues. Also called JTMP.

Chairman of the Joint Chiefs of Staff Joint Training Master Schedule. A schedule of the Chairman of the Joint Chiefs of Staff (CJCS) exercise program events that integrates the joint training schedules of the Combatant Commands, Defense Threat Reduction Agency, and the schedule of the CJCS-sponsored exercises. The schedule includes, as a minimum, exercise summaries for the program year and the following five years. Also called JTMS.

Combatant Command Joint Training Schedule. A resource constrained program developed and updated annually by the combatant command staff that integrates the combatant commands' joint training plans and the schedule of the combatant commander-sponsored exercises. The schedule normally includes exercise summaries for the program year as well as proposed summaries for the following five years.

Combatant Command Joint Training Plan. A plan developed and updated annually by each combatant commander that defines the strategy for training assigned forces (training audience) in joint doctrine and tactics, techniques, and procedures to accomplish the mission requirements over the selected training period. Specifically, the plan identifies the training audience, the joint training objectives, the training events, and required training resources.

Command-Linked Tasks. Discrete events or actions designated by a joint force commander that must be performed by commands and agencies outside the command authority of the joint force, if the joint force is to successfully perform its missions. Command linked tasks are designated by the supported joint force commander but are normally scheduled for

training, evaluated, and assessed by the organization providing the support.

Conditions. In joint training, those variables of an operational environment or situation in which a unit, system, or individual is expected to operate that may affect performance.

Crisis Action Planning. 1. The Joint Operation Planning and Execution System process involving the time-sensitive development of joint operation plans and orders in response to an imminent crisis. Crisis action planning follows prescribed crisis action procedures to formulate and implement an effective response within the time frame permitted by the crisis. 2. The time-sensitive planning for deployment, employment, and sustainment of assigned and allocated forces and resources that occur in response to a situation that may result in actual military operations. Crisis action planners (CAP) base their plan on the circumstances that exist at the time planning occurs. Also called CAP.

Criterion. In joint training, the minimum acceptable level of performance associated with a particular measure of task performance. It is often expressed as hours, days, percent, occurrences, minutes, miles, or some other command stated measure.

Deliberate Planning. 1. The Joint Operation Planning and Execution System process involving the development of joint operation plans for contingencies identified in joint strategic planning documents. Conducted principally in peacetime, deliberate planning is accomplished in prescribed cycles that complement other Department of Defense planning cycles in accordance with the formally established Joint Strategic Planning System. 2. A planning process for the deployment and employment of apportioned forces and resources that occurs in response to a hypothetical situation.

Essential Task. Tasks based on mission analysis and approved by the commander that are absolutely necessary, indispensable, or critical to the success of a mission.

Evaluation. In joint training, an appraisal tied to a specific training event. Evaluation is an internal command responsibility intended to determine whether specific training objectives were met.

Exercise. A military maneuver or simulated wartime operation involving planning, preparation, and execution. It is carried out for the purpose of training and evaluation.

Exercise Objective. Specific statement of purpose, guidance, and/or direction for an exercise.

Functional Plans. Plans involving the conduct of military operations in a peacetime or permissive environment developed by combatant commanders to address requirements such as disaster relief, nation assistance, logistics, communications, surveillance, protection of US citizens, nuclear weapon recovery and evacuation, and continuity of operations, or similar discrete tasks. They may be developed in response to the requirements of the Joint Strategic Capabilities Plan, at the initiative of the combatant commander, or as tasked by the supported combatant commander, Joint Staff, Service, or Defense agency. Chairman of the Joint Chiefs of Staff review of Combatant Commander - initiated plans is not normally required. (JP 1-02)

Implied Task. A task that is not stated but necessary to do the mission.

Individual Joint Training. Training offered to prepare individuals to perform duties in joint organizations or to operate uniquely joint systems (e.g., joint intelligence support system). Individual joint training can be joint academic courses or other organizational training conducted by the Office of the Secretary of Defense, Defense agency, combatant command, or Service.

Interagency/Intergovernment Training. Military training to prepare interagency and/or international decision makers and supporting staffs to respond to President and/or SECDEF-approved mandates. Interagency and inter-government training is based on President and/or SECDEF-derived standing operating procedures, as applicable.

Interagency Operations. Operations in which, government, or non-government agencies interact with the Armed Forces of the United States. These agencies may include the National Security Council, headquarters of operating elements of the Departments of State and Transportation, the Central Intelligence Agency, and the Adjutants General of the 50 states and four territories; other US Government agencies; agencies of partner nations; non-governmental organizations; regional and international organizations such as the North Atlantic Treaty Organization and the United Nations; and the agencies of the host country

Interoperability. 1. The ability of systems, units, or forces to provide services to and accept services from other systems, units, or forces and to use the services so exchanged to enable them to operate effectively together. 2. The condition achieved among communications-electronic systems or items of communications-electronics equipment when information or services can be exchanged directly and satisfactorily

between them and/or their users. The degree of interoperability should be defined when referring to specific cases. (JP 1-02)

Issue. In joint training, a shortcoming or deficiency identified during training, experimentation, evaluations, assessments, or operations that preclude performance to standard and requires focused problem solving. An issue is defined and analyzed in terms of doctrine, organization, training, education, material, leadership, personnel, and facilities to facilitate correction and validation.

Joint After Action Report. A written report consisting of summary joint universal lessons learned. It describes a real world operation or training exercise and identifies significant lessons learned. Also called JAAR.

Joint Combined Exchange Training. Joint combined exchange training is an overseas, combined training event primarily designed to benefit US Special Operations Forces mission essential task list/joint mission essential task list training, utilizes 10 US Code 2011 reporting procedures, is Major Force Program 11 funded, uses no foreign military assistance funds, and is prioritized through the theater combatant commander, coordinated through the US Ambassador and Department of State, and approved by the Secretary of Defense. Also called JCET.

Joint Exercise. A joint military maneuver, simulated wartime operation, or other Chairman of the Joint Chiefs of Staff/combatant commander-designated event involving planning, preparation, execution, and evaluation. A joint exercise involves forces of two or more Military Departments interacting with a combatant commander or subordinate joint force commander; involves joint forces and/or joint staffs; and is conducted using joint doctrine or joint tactics, techniques, and procedures.

Joint Event Life Cycle. In joint training, a joint event life cycle describes the design, planning, preparation, execution, analysis, and evaluation and reporting stages required to successfully execute a discrete training event. Also called JELC.

Joint Mission-Essential Task. A mission task selected by a joint force commander deemed essential to mission accomplishment and defined using the common language of the universal joint task list in terms of task, condition, standard, and responsible organization. Force providers also will select additional tasks in accordance with their joint training mission for assigned combatant headquarters and forces and deemed essential to the mission of the combatant command headquarters and forces. Also called JMET.

Joint Mission Essential Task List. A list of joint mission essential tasks selected by a commander to accomplish an assigned or anticipated mission. A joint mission essential task list includes associated tasks, conditions, and standards and requires the identification of command-linked and supporting tasks. Also called JMETL.

Joint Professional Military Education. That portion of professional military education concentrating on the instruction of joint matters. Also called JPME.

Joint Training. Military training based on joint doctrine or joint tactics, techniques, and procedures to prepare joint forces and/or joint staffs to respond to strategic and operational requirements deemed necessary by combatant commanders to execute their assigned missions. Joint training involves forces of two or more Military Departments interacting with a combatant commander or subordinate joint force commander; involves joint forces and/or joint staffs; and is conducted using joint doctrine or joint tactics, techniques, and procedures.

Joint Training Course Database. A reference database of available individual joint training courses that address various aspects of joint and multinational operations. The database is updated annually by US Joint Forces Command and lists and describes the available joint courses to support joint training plans. Also called JTCD.

Joint Training Courseware. Collective term for materials to support joint courses or joint training events such as individual study, lectures, seminars, practical exercises, table top exercises, and other such events. These materials include single courses or joint programs of instruction (JPOI), documents such as master training guides, interactive courseware, computer-based training, and non-JPOI materials such as videotapes, stand-alone handbooks, and other joint validated items.

Joint Training Objective. A statement that describes the desired outcome of a joint training activity. Training objectives are derived from joint mission essential tasks, conditions, and standards.

Lesson Learned. 1. A technique, procedure, or practical solution that allowed the task to be accomplished to standard based upon an identified shortcoming or deficiency within a specific command or circumstance that may be applicable to others in similar circumstances. 2. A changed behavior based upon previous experiences that contributed to mission accomplishment.

Master Training Guide. A collection of tasks and associated conditions and standards, usually for a specific joint organization. Tasks are

derived from joint doctrine and are grouped on a mission and/or functional basis to support organizational training. Also called MTG.

Measure. In joint training, a measure provides the basis for describing varying levels of task performance.

Military Training. 1. The instruction of personnel to enhance their capacity to perform specific military functions and tasks. 2. The exercise of one or more military units conducted to enhance combat readiness. (JP 1-02)

Mission. 1. The task, together with the purpose, that clearly indicates the action to be taken and the reason therefore. 2. In common usage, especially when applied to lower military units, a duty assigned to an individual or unit; a task. 3. An assignment with a purpose that clearly indicates the action to be taken and the reason therefore. 4. The dispatching of one or more aircraft to one particular task.

Mission Training Assessment. A commander's subjective assessment of the command's training proficiency assessments with respect to assigned missions. Also called MTA.

Multinational Exercises. Exercises that train and evaluate US and other national forces or staffs to respond to requirements established by multinational force commanders to accomplish their assigned missions.

Multinational Operations. A collective term to describe military actions conducted by forces of two or more nations, usually undertaken within the structure of a coalition or alliance. (JP 1-02)

Multinational Training. Military training based on allied and/or coalition, joint, and/or Service doctrine, as applicable, to prepare personnel or units for multinational operations in response to National Command Authorities directives.

Office Of Collateral Responsibility. Includes all the organization, usually staff elements, that should be kept informed or coordinated on the JMETL task.

Office Of Primary Responsibility. The single staff element with overall staff responsibility for managing the JMET on behalf of the commander.

Operation. 1. A military action or the carrying out of a strategic, operational, tactical, service, training, or administrative military mission. 2. The process of carrying on combat, including movement, supply, attack, defense and maneuvers needed to gain the objectives of any battle or campaign. (JP 1-02)

Other Participants. Additional organizations (other than the Training Audiences) that participate in or support the execution of a particular event. This includes exercise observers, controllers, evaluators, non-operational support, and forces that would not normally go to war with the sponsoring command.

Professional Military Education. The systematic instruction of professionals in subjects that will enhance their knowledge of the science and art of war. Also called PME.

Program Of Instruction. A series of related lessons designed to satisfy a specific joint training requirement (e.g., joint task force headquarters). Also called POI.

Responsible Organization. The single organization or individual with overall responsibility for accomplishing a particular JMETL task.

Service Training. Military training based on Service policy and doctrine to prepare individuals and interoperable units. Service training includes basic, technical, operational, and interoperability training in response to operational requirements deemed necessary by the Combatant Commands to execute assigned missions.

Specified Task. A task explicitly stated and assigned.

Standard. In joint training, the minimum acceptable proficiency required in the performance of a task. For mission essential tasks of joint forces, each task standard is defined by the joint force commander and consists of a measure and criterion.

Supporting Task. Specific activities that contribute to accomplishment of a joint mission essential task. Supporting tasks associated with a command's or agency's mission essential task list are accomplished by the joint staff or subordinate commands or agencies.

Task. A discrete event or action that enables a mission or function to be accomplished by individuals or organizations.

Task Performance Observations. In joint training, a listing of a training audience, training objectives, observer reports, and an executive summary for the commander to review and make a training proficiency evaluation.

Training Assessment. An analytical process used by commanders to determine an organization's current levels of training proficiency on

mission essential tasks. This process also supports the Chairman of the Joint Chiefs of Staff's and combatant commanders' cumulative assessments of overall joint readiness.

Training Audience. An organization (staff element, command, or other unit) that performs a particular JMETL task.

Training Evaluation. The process used to measure the demonstrated ability of the training audience to accomplish specified training objectives.

Training Proficiency Assessment. An appraisal derived from the primary trainer's subjective assessment of an organization by comparing collective training proficiency evaluations and other training inputs over time and against joint mission essential tasks, conditions, and standards. Also called TPA.

Training Objectives. A description of the training audience, desired outcome of a training activity, and the measures for evaluating the learning outcome.

Training Proficiency Evaluation. An objective evaluation of an organization's performance with respect to training objectives. They are produced during the execution phase of the joint training system. Also called TPE.
